OTHER NEWS

School Council

In assembly this week I launched our new student council recruitment campaign. I am really excited to create a student council, it is a great opportunity to hear the children's voice and get them involved in school development projects. Children who would like to be involved have been asked to write a letter explaining why they would be a good member of the council. They might want to share their skills and qualities and any ideas they have for our school. Letters must be posted in the box by Friday 9th May.

REMINDERS

Here is a reminder of our school values. We have been learning about how we can demonstrate these values in all that we do .

- A **caring** place where everyone feels secure, valued and quality relationships are important.
- A **positive** place for developing and celebrating high standards.
- A **successful** place where individuals work hard to fulfil their potential.
- A place where **fairness, equality** and **diversity** are at the heart of all we do.
